MICHAEL J. HEFFERNAN
SECRETARY

KARYN E. POLITO
LIEUTENANT GOVERNOR

November 24, 2020

Dear Jason Silva:

It is with great pleasure that we inform you that your community has been awarded \$120,000 grant through the Community Compact Cabinet's (CCC) Information Technology grant program. The competition for funding was intense. Your application was chosen because it met the overarching goal of driving innovation and transformation at the local level via investments in technology.

We will be holding a virtual awards ceremony at a later date. Please note that specific details and participation information for the awards ceremony will be shared separately with you via email.

Lieutenant Governor Polito, who serves as Chair of the Community Compact Cabinet, and I want to congratulate you for becoming a "Compact Community" and striving to make your community a better place by virtue of implementing best practices. Your participation not only provided you with technical assistance, but it also places you in a more competitive position for other state grants, such as this IT program. We are glad to see your community taking advantage of the benefits the CCC program offers.

Necessary grant documents that need to be completed in order to get the funds to your community will be sent to you next week. Once received, these should be sent to Frank Gervasio (gervasiof@dor.state.ma.us) at the Division of Local Services as soon as possible, but no later than December 30th.

Sincerely,

Karyn E. Polito
Lieutenant Governor

Michael J. Heffernan, Secretary
Executive Office for Administration and Finance

Community Compact Grants

The scope of the Project to be funded under the EOAF Grant to the Town of Marblehead is for the costs associated with the development of a long-range financial planning and forecasting model. The tool will allow the Town to assess both short-term and long-term implications of current and proposed policies, programs, and assumptions over a multi-year period.

The scope of the Project to be funded under the EOAF Grant to the Town of Marblehead is for the costs associated with the development of a budget document. The funds will allow the Town to hire a consultant to develop a document that details revenues and expenditures, provides a narrative of the Town's priorities and challenges, and communicates financial policies to residents and businesses.

Snow Emergency

SNOW EMERGENCY INFORMATION

On a one-year trial basis, the Town of Marblehead is implementing a snow emergency response to snow storm events on an as-needed basis. During a snow emergency special parking rules go into effect to allow all events in Marblehead to be moved curb-to-curb. A snow emergency is the Town's active response plan for when a snow storm is expected to have an impact on the Town.

Many factors will be considered before the Town declares a snow emergency including air and road temperatures, weather forecasts and snow accumulation. The Town will declare a snow emergency when snowfall accumulation is forecasted to be 2 inches or over but other factors could contribute to the declaration of a snow emergency even if snow accumulation is expected to be less than 2 inches. The Town will endeavor to provide as much notice as possible to residents when a snow emergency is declared.

When a snow emergency is declared you must remove your vehicle from the street **starting at midnight the day of the storm**. On-street parking will be allowed the following morning starting at 7am during a declared snow emergency unless conditions do not allow it.

If the duration of any snow emergency is more than a day, on-street parking will be prohibited on each day of the snow emergency from midnight to 7am.

Any vehicles parked on-street during a declared snow emergency will be subject to ticketing and towing.

TOWN OF MARBLEHEAD SNOW EMERGENCY

STAY INFORMED

PHONE: Call the Marblehead DPW (781) 631-1750 during normal business hours about the Snow Emergency status.

EMAIL: Subscribe to the Town's email distribution list through our website's homepage, www.marblehead.org and receive an email when a Snow Emergency is declared.

CODE RED: Sign up to receive an automated phone call and/or text message when a snow emergency is declared on our website's homepage, www.marblehead.org.

SOCIAL MEDIA: Follow the Marblehead Police Department on Facebook for information on when a snow emergency is declared.

The Town will work with traditional media, MRFV and other communication platforms available to notify residents of a snow emergency and when it ends.

TOWING INFORMATION

WHO DO I CALL? If your vehicle is towed during a snow emergency you should call the Marblehead Police Department's non-emergency phone line at (781) 631-1212 to confirm the location of your vehicle.

WHERE IS MY CAR? Towed vehicles will be stored at the Town's impound lot located at the transfer station, 5 Woodlin Terrace.

HOW DO I GET MY CAR BACK? Vehicles will be released only to registered owners. Owners will need to possess proof of ownership, proof of insurance, a valid driver's license, and proof that the fine has been paid in order to claim the vehicle. Bill's Auto Clinic, the Town's towing contractor, should be contacted at (978) 745-2087 to make arrangements to release the vehicle. If the vehicle is not claimed after a 72 hour period the vehicle will be towed to Bill's Auto Clinic at 2 Commercial Street in Salem.

HOW MUCH WILL IT COST? Town Meeting approved an increase in the snow emergency violation ticket to \$100. If your vehicle is towed, you will also be charged a towing charge of \$108 for the tow, a storage charge of \$35 per day, and a mileage charge if the vehicle requires a tow to Bill's Auto Clinic Tow Yard.

Any vehicles parked on-street during a declared snow emergency will be subject to ticketing and towing.

STAY INFORMED OF SNOW EMERGENCIES
